

AMENDMENTS TO THE SPECIFICATION

Please amend the specification as indicated hereafter. It is believed that the following amendments and additions add no new matter to the present application.

In the Specification:

Please replace the paragraph starting on p. 9, line 12 with the following amended paragraph:

As illustrated in FIG. 2, process control menu 302 may be presented to the user in a window of the graphical user interface. One of ordinary skill in the art will appreciate, however, that process control menu 302 need not be presented in a graphical user interface or a window. In fact, process control management system 110 may be configured to present process control menu ~~303~~ 302 to the user in any format on a display device.

Please replace the paragraph starting on p. 11, line 19 with the following amended paragraph:

Network interface device(s) ~~118~~ 112 may be any device configured to facilitate communication between system 107 and a communication network, such as a public or private packet-switched or other data network including the Internet, a circuit switched network, such as the public switched telephone network, a wireless network, an optical network, or any other desired communications infrastructure.
